

INTRODUCING THE UPGRADED

AUTOMATED CONTROL PANEL STAND

i-TECH Services
Innovative Technical Services, LLC.

MODEL APS1500

- Ergonomic Panel Assembly
- Save up to 50% in Assembly Time
- Relieve Body/Back Strain & Health Costs
- Lower Panel Building Costs
- Increase Productivity
- Less fatigue creates happier workers

FEATURES

- Electrical operations - no air or hydraulics required
- Panel building carts with 90° tilting bed
- Up to 1,000 lb uniform tilting capacity
- Flexible mounting struts for enclosures and back panels, using standard T-nuts
- Durable weld steel base and aluminum extrusion mounting frame
- Mobile system

THE SAVINGS

With up to 50% time savings & reduced fatigue, payback could be less than 6 months!
